

SLIDE 1 — TITLE SLIDE

Include:

- Project Title
 - Group Members
 - Subject
 - Adviser
 - School Name
 - Date
-

SLIDE 2 — INTRODUCTION

Include:

- What the system is
 - Purpose of the project
 - Brief background
-

SLIDE 3 — CURRENT PROBLEMS

Include:

- Manual process
 - Delays
 - Human errors
 - Long waiting time
 - No real-time monitoring
-

SLIDE 4 — OBJECTIVES OF THE STUDY

General Objective

Main goal of the system.

Specific Objectives

- Automate transactions
 - Generate reports
 - Improve monitoring
 - Reduce manual errors
-

SLIDE 5 — SCOPE AND LIMITATIONS

Scope

What the system CAN do.

Limitations

What the system CANNOT do.

SLIDE 7 — METHODOLOGY

Include:

- Agile
- Waterfall
- Prototyping

Explain:

- Planning
 - Design
 - Development
 - Testing
-

SLIDE 8 — System DEMO

System Live Demo

IMPORTANT PRESENTATION TIPS

During Defense:

- Explain clearly
- Avoid reading directly from slides
- Practice demo flow
- Prepare for questions
- Know your system architecture
- Know your database and features

PRESENTATION DESIGN TIPS

Recommended:

- Minimal text
- Use bullet points
- Use screenshots/images
- Use readable fonts
- Use consistent theme/colors
- Avoid overcrowded slides

Avoid:

- Too much animation
- Long paragraphs
- Too many colors
- Small text
- Cluttered slides
